TURKEYS BANNED IN BOSTON

**Typographical Union There Calls On
Members Not to Buy Exorbitant
Priced Thanksgiving Turkeys**

By Associated Press.
NEW YORK, Nov. 27.—Co-operative
action by American housewives to
combat food speculators in an effort
to reduce the price of the necessities
of life was indicated in the household
embargo on eggs inaugurated here to-
day.

The movement has the endorsement
of the National Housewives' League
and of John J. Dillon, commissioner of
foods and markets, and Joseph Hurli-
gan, commissioner of weights and
measures, representing the city.
Wholesale and retail dealers also
have given the proposal their approval
as the only practical method of de-
fecting the speculators.

**CANNELON OF REEF
AND TROUT PILAY
FOR DIET SQUAD TODAY.**

By Associated Press.
CHICAGO, Nov. 27.—Today's
menu for the health commis-
sioner's diet squad will com-
prise:

Breakfast—Stewed apricots,
cornmeal mush, butter toast,
coffee.

Lunch—Macaroni au gratin,
harvard beef, bread and
butter, cottage pudding with
chocolate sauce.

Dinner—Calf's soup, cannelloni
of beef, turkey pilaf, bread and
butter, apple cobbler and vanilla
sauce, tea.

has adopted resolutions urging its
members to refuse to buy "Thanksgiv-
ing turkeys at any price and to use as
little butter and eggs as possible."
Representatives from several social-
istic organizations and consumer
league today announced plans for
the "turkey" parade. According to the
announcement, 100,000 men and women
on have pledged themselves to advance
upon the city hall December 2 and de-
mand that the mayor do all in his power
to "give them the right to continue
in existence."

TURKEYS AT 35 CENTS.

Thanksgiving turkeys will rule in
the local market at 35 cents a pound,
live, and 38 cents, dressed. This was
indicated by local butchers this morn-
ing, who declared that they are not to
blame for the high prices.

"It is hard my way about it. I would
not handle turkeys at this price," one
butcher declared. "My customers look
to me for the birds, so I have to sup-
ply them."

Reports from the mountains are to
the effect that farmers are being paid
25 cents a pound for the birds on their
farms. Butchers say this means an
additional cost of 5 cents delivered
here.

"We allow 2 cents a pound for gather-
ing and crating, and 1 cent for ex-
pression. The wastage will run 2
cents a pound. This makes the turkeys
cost us 30 cents a pound, deliv-
ered in Connellsville."

Some buyers have been fortunate in
getting live birds in the mountains as
cheap as 22 cents on the farm, but
these have come from farmers who
had only a few turkeys. Those who
buy by the hundreds are having no
trouble getting 25 cents, they say.

POTATOES FOR THE POOR.

NEW YORK, Nov. 27.—A harvest of
potatoes gathered at the Church of the
Stranger will be distributed among the
poor Wednesday as a Thanksgiving of-
fering. At the request of the pastor,
worshippers who attended the church
service yesterday were requested to
drop at least one potato in barrels
placed near the door. The collection
was large enough to pack 60 or 60
barrels.

COLLECTION IS LARGE.

Chicago's Peter's Pence offering will
approximate \$100,000.

By Associated Press.
CHICAGO, Nov. 27.—Peter's Pence,
the annual collection for the Pope
taken in Chicago Roman Catholic
churches, will approximate \$100,000. It
was estimated by ecclesiastical author-
ities today.

Heretofore the annual collection in
this archdiocese for the Pope has been
about \$20,000.

Safe Conduct Refused.

LONDON, Nov. 27.—The foreign of-
fice has sent Ambassador Page a note
definitely refusing to grant a safe con-
duct to Count Adam Tarnowski von
Tarnowski, the now Austro-Hungarian
ambassador to the United States.

**BUCHAREST IS
AIM OF DRIVE**

Rumanian Capital is Menaced on Three
Sides by Teutonic Forces;
Ruminate Halted.

By Associated Press.
The Teutonic campaign against Ru-
mania is developing rapidly with a
converging drive on Bucharest from
three directions in progress.

Immediate threat to the capital
seems to be greatest on the southwest
where the invaders have approached to
within 50 miles after Field Marshal von
Mackensen had forced the passage of
the Danube at two points and effected
a junction with the armies of General
von Falkenhayn, which are pressing
rapidly eastward after having broken
the Rumanian resistance on the lower
Alta.

The rapid Teutonic advance south-
east of Craiova turned the flank of the
Alta position as did the Danube cross-
ing. These factors, together with the
continued pressure on the northern
end of the line, have now resulted in
the Rumanian abandonment of the Alta
line. Bucharest announces this today,
reporting also a Rumanian retirement
a little to the east of the Topolog river,
a tributary of the Alta on the east.

This retreat apparently places the im-
portant town of Rimnik, on the rail-
road from Craiova to Hermannstadt,
in General von Falkenhayn's hands.

The threat on the north and north-
west from the border passes east of
the Alta is still being held in check by
the Russo-Rumanian troops and En-
tente military writers assume that the
Rumanians are sending further forces
to help out the Rumanians defending
the more immediate menace further
south.

In Dobruja north of the Constanta-
Ternavoda line, the Russian advance
appears to have come to a halt. The
Bulgarian war office announces that
the hostile forces which had been at-
tacking have not entrenched before
the Bulgarian position.

Seemingly there is no disposition on
the part of either the British or the
French to attack in force in the Sou-
thern region just at present. Extremely
bad weather had been reported on this
front.

Berlin today in its report on the
Rumanian campaign announces the
capture of Alexandria, 47 miles south-
west of Bucharest. It also reports a
further advance of the Teutonic forces
which crossed the Danube and de-
clares the Rumanian resistance to this
advance is breaking.

The Rumanian army from Orsova
has not escaped, as has been reported,
according to Berlin, which announces its
retreat northwestward blocked by
Teutonic forces and reports the cap-
ture of more than 1,200 men and three
cannons, besides large quantities of
war materials. Elsewhere more than
400 prisoners were taken.

Important captures of Danube river
craft, totaling a half dozen steamers
and 50 barges, with valuable cargoes,
are announced in the German state-
ment.

RULERS TO CONFER.

COPENHAGEN, Nov. 26.—A Sofia
dispatch to the Yomiuri Shimbun of
Tokyo, Nov. 26, says that King Ro-
manian has arrived at Kiev on the way
to the Rumanian frontier where he will
confer with King Ferdinand of Ru-
mania.

BULGARIANS REPULSED.

PARIS, Nov. 27.—Bulgarian forces
on the Rumanian front have been
repulsed with heavy losses. The
Italians continue to make progress in
the region west of Monastir.

BURY EMPEROR THURSDAY

Unique Custom Will be Carried Out at
the Crypt.

By Associated Press.
VIENNA, Nov. 27.—The coffin of
Emperor Francis Joseph has been
finally closed, but the body will
remain lying in state until Thursday
the day set for interment.

At the burial in the Crypt of the
Capuchin, a historic ceremony will be
carried out which was anxiously de-
signed to impress the emperor's suc-
cessor that in spite of all pomp a sov-
ereign is merely a mortal.

The funeral procession will be held
at the entrance to the vault by a
challenge from within: "Who is
there?" The reply will be made: "His
most serene majesty, the Emperor
Francis Joseph."

The challenger will then reply: "I
know him not." Responding to a sec-
ond challenge the announcement will
be made: "The emperor of Austria
and apostolic king of Hungary is out-
side." Again the challenger will an-
swer: "I know him not."

When for the third time the voice
within asks who demands admission
the master of ceremonies will reply:
"A sinful man, our brother Francis
Joseph." The portals will then open
and the procession then enter.

VILLA IS CHIEF HIDE-OUT.

Washington Hears He Has Established
Trenches in the City.

WASHINGTON, Nov. 27.—Official
advice received here today say that on
Saturday night the Villa forces attack-
ing Chinmashu had penetrated into
the city and established a line of
trenches. Prisoners at the peniten-
tiary were liberated, the dispatches said,
and the guards joined the Villa forces.
Later dispatches reported the re-
pulse of the attackers, but nothing
definite on that feature had reached
here today.

is Burned.**

J. D. SAVED BY A PLUNGE

**Dives Out of a Window When It Gets
Too Hot, But Jack Finds That Out-
let Laid; Goes Down Town to Give
Himself Up to Millions of the Law.**

"I'm going down to give myself
up; J. D.'s been burned up in the
fire," Jack McElhany told men who
were going to the scene of a fire which
destroyed the two-story frame house
occupied by Jack on the mountain
back of South Connellsville about 1
o'clock Sunday morning. Expecting to
find J. D.'s charred remains in the
ruins of the house, the men hurried
on, only to discover him peacefully
snoring on the ground outside.

J. D. McElhany had come up from
Woodiawan, where he is employed, to
spend the weekend with his brother,
Jack, who occupied a house in the
clearing, some distance back of South
Connellsville. In some mysterious
manner the house was set on fire dur-
ing the night and Jack awoke just in
time to save himself. Thinking his
brother had been burned to death he
started for South Connellsville, as he
said, "to give himself up."

In the meantime, however, J. D. jumped
from a window and escaped unhurt.

A party of South Connellsville men,
headed by Roy Helms, went up the
hill to assist in fighting the fire. By
the time they arrived the dwelling was
a mass of flames and it soon burned
to the ground. Two chimneys were all
that remained today.

The house stood alone in the middle
of an open field. No alarm was given,
for it would have been impossible for
firemen to get to the place.

The fire department was called out
at 10:26 Saturday evening to exting-
uish a fire in the house of J. C. Ko-
neady on South Arch street. None of
the family was at home at the time
and the fire, which started under the
stairway and gained great headway be-
fore it was discovered.

The loss will amount to about \$200,
according to J. W. Deibel's esti-
mate. The origin of the fire is un-
known.

STEAMER IN DISTRESS

Millions Vessel Lacks Its Propeller
in the Pacific Ocean.

By Associated Press.
SAN FRANCISCO, Nov. 27.—The
Norwegian, steamer Nilsa Nilsen is
in distress 250 miles west of Seattle,
according to advices received today by
the United States naval radio station
here. Wireless advices were that the
vessel had lost her propeller and was
attempting to return to an American
port.

The United States ship South Da-
kota and other vessels in the Pacific
are going to the aid of the Nilsen.

The advices received say that the
Nilsen is practically helpless. She
sailed from Seattle on November 20
for Vladivostok carrying a cargo of
munitions.

NORTHEAD, Wash., Nov. 27.—
Wireless messages received here say
the Nilsen was facing a heavy south-
western gale and was badly in need
of assistance. The coast guard cutter
Snobomish is among the vessels that
have gone from Puget Sound to her
assistance.

ENGINEERS CENSURED

Railroad Attorney Says They Violated
Law in Punishing Witnesses.

By Associated Press.
WASHINGTON, Nov. 27.—Charges
that officials of the Brotherhood of
Locomotive Engineers violated federal
laws, when they expelled from their
organization John T. Heller and W. H.
Rother, two locomotive engineers who
testified in behalf of the railroads and
against the use of high power head-
lights, were made today before the
Interstate Commerce Commission by
Charles S. Spaulding, solicitor for the
New York Central railroad.

"It is a very serious matter," he
said, "when in a proceeding of this
kind men are punished for testifying.
It is contrary to all our ideals, insti-
tutions and penal laws."

Warren S. Stone, head of the engi-
neers, who defends the action on the
ground that it was in compliance
with the brotherhood regulations was
in the hearing room prepared to de-
fend himself and his associates.

**SHIPPING FEARS
THE SUBMARINES**

Many Vessels Leaving Port and May
Fall Victims of the Two German
U-Boats, Now Abroad.

By Associated Press.
NEW YORK, Nov. 27.—Apprehen-
sion is felt in shipping circles here in
view of the large number of passenger
and freight steamships leaving this
port, at the reported proximity of
German submarines. Rumors of Ger-
man submarines have broken through
the Allied cordon and were on their way
to the Atlantic coast received official
recognition in the general warning
sent out last night by the British
cruiser Lancaster.

The warship, stationed 15 miles
southeast of Sandy Hook, cautioned all
steamships flying the flag of the En-
tente Allies to beware of hostile sub-
marine boats on this side of the Atlantic.

WHEAT PRICES FALL

Big Houses Unload and Aggressive
Selling Develops.

By Associated Press.
CHICAGO, Nov. 26.—Wheat prices
came down today with a crash, break-
ing in some cases as much as 3-8
cents a bushel. Big sales by some of
the leading houses started a general
movement to unload, leading to ag-
gressive selling by bears.

Talk of the likelihood of an armistice
in Europe had considerable to do with
weakening the market and also warn-
ing of the presence of fighting sub-
marine in the Atlantic. Continued
reference to a possible embargo by the
United States was likewise a factor.

July wheat, in which the greatest
decline took place, fell to \$1.45 as com-
pared with \$1.64 1-8 to \$1.54 3-8 at the
close of Saturday.

RUNNING ONE TRAIN

Winter Schedule is Effective on the
I. C. V. Railroad.

The Indian Creek Valley railroad
will continue to run but one train a
day between Jones Mills and Indian
Creek, except on Thanksgiving Day,
when there will be a special service.

ago when one of the road's engines
broke down. It will not be put back
until the summer season begins.

Trains will leave Jones Mills at 7:30
A. M. and 4:30 P. M. and Indian Creek
at 8:15 A. M. and 5:40 P. M.

The one-train a day arrangement
enables the general "Jacks" Pull, con-
ductor on the I. C. V., to spend his days
in Connellsville.

TAKE STRIKE VOTE.

Employees of Southern Road Demand
Conference Over Grievances.

NASHVILLE, Nov. 27.—Conductors,
engineers, trainmen and firemen of
the Nashville, Chattanooga & St. Louis
railroad were voting today on whether
a strike should be authorized to back
up a demand that the roads discuss
grievances with a joint committee of
the four big brotherhoods.

The result of the balloting probably
will be announced Thursday, but
whether it will be followed by a strike
order or further efforts to adjust the
controversy was not divulged.

**CORNERSTONE OF
HIGH SCHOOL IS
READY FOR PLACE**

**There Will be No Ceremony
When It is Lowered
Tomorrow.**

NEWSPAPERS TO BE DEPOSITED

Copy of The Courier, Containing a
Picture of the Building is to be In-
cluded, Along With Some Coins and
Other Documents; Rapid Headway.

The cornerstone for the new high
school building will be placed tomor-
row afternoon by Lawrence & Critch-
field, the contractors, without any for-
mal ceremony. It was the feeling of
members of the School Board that it
would be better to defer the exercises
until the dedication, after the comple-
tion of the structure.

The stone is three feet square and
two feet nine inches high. It contains
the numerals 1916 on two sides. It
will be placed at the Fairview avenue
Prospect street corner.

Arrangements are being made to
place a box in the stone. This will
contain a copy of The Courier contain-
ing a picture of the building as it will
appear when completed, accompanied
by a description of the structure. A
copy of The News, some coins of this
year, and a few other documents.

Lawrence & Critchfield are making
great strides with the building and at
their present rate of progress will
finish it well inside of the 13 months
period specified in the contract. The
big steel beams were placed Saturday
and things put in shape for the fire-
proofing contractors to start work on
the concrete floor slabs today.

This part of the job has been sublet.
The material for this part of the work
is here, so there should be no delay.
In the meantime, the general contrac-
tors will go ahead with the exterior
walls. On the Prospect street side the
wall has been built up to a height
of about 10 feet. This gives an idea
of the exterior of the structure. The
dark, tawny brick, laid with choco-
late mortar, presents a fine appear-
ance.

The cornerstone was placed as part
of the lower border of stone that
grazes the outside of the structure.
When this is placed, additional brick-
layers will be put on and the wall will
go up as rapidly as skilled men can
build it. The use of frost-proof mortar
relieves the contractors from worry
about the cold-weather. Work will
be continued throughout the
winter except when the weather pro-
duces a blizzard.

One million, three hundred thousand
bricks will be used in the high school.
Of these 300,000 have already been
laid.

ANNOYS HIS WIFE

First Deserts Her, Then Visits Her
While Intoxicated.

Joseph McEliduff was brought before
Alderman W. D. Colburn this morning
charged with desertion and disorderly
conduct. McEliduff brought his young
wife along with him the first of this month
and then left her.

Returning to see her while in an
intoxicated state, McEliduff made it
necessary for his wife to call on Con-
stable Charles Wilson to arrest the
man. At a hearing before Alderman
Colburn this morning, McEliduff begged
his wife to forgive him, and she won-
dered that, but declined to do so. McEliduff
was taken back to the lockup
to await the decision of his wife.

COSTS DIVIDED

Proprietor and Patron of Restaurant
in Surety of Peace Case.

In a surety of the peace suit brought
by Charles Drum against John Plass,
the costs were divided after a hearing
before Alderman Eugene O'Donovan
Saturday morning. Drum claimed
that Plass, who is the proprietor of
North, Pittsburg, street restaurant,
threatened him with a club.

Plass was arrested by Constable S.
A. Passon on Saturday, and at the
hearing said he was excited when he
talked to Drum, having had an al-
location with another patron of his
restaurant who declined to pay his
bill. Plass said that personally he
had nothing against Drum.

Leave Shoes Outside.

Clerks at a Crawford avenue shoe
store neglected to take all the foot-
gear displayed outside into the store
on Saturday night when they closed
up, forgetting about a dozen pairs of
heavy boots. Patrolman Barnes took
the shoes to the city hall and locked
them up in the chief's office there.

On Hunting Trip.

men, including men left today for
Mifflin county to hunt for big game.
Mrs. Fair and her little niece, Elida
May Benford, left to spend Thanksgiv-
ing Day with the former's sister,
Mrs. W. R. Jones of Williamsburg.

Addresses Two Meetings.

of Dunbar township schools, address-
ed a meeting of teachers in Green-
burg on Saturday morning. In the
evening he spoke to the Franklin town-
ship teachers in the Presbyterian
Church chapel.

lying along the railroad track near
Rockwood in an unconscious con-
dition has regained consciousness and
at the Cottage State Hospital gave his
name as Frank Meyers. He is unable

him. Meyers is thought to have been
the victim of a holiday.

Greenburg Holds

Coach Youngkin's Powerful Brown and
White Machine Unable to Make a
Score and is Hard Put to Prevail
Connellsville from Taking Contest.

**LOCALS DEMONSTRATE THEY
ARE EQUAL TO CRACK WEST-
MORELAND ELEVEN.**

Connellsville's crack high school
football team lumbled, the mighty
Greenburg high on Saturday by hold-
ing that eleven to a scoreless tie, the
first time the feat has been accom-
plished in four years. Although un-
able to defeat this powerful machine,
the locals more than held it; even
after standing solid as a wall when
backed to its own five-yard line, Con-
nellsville gained sufficient con-
fidence to prevent the visitors from
again threatening its goal, and for a
time Greenburg was hard put to keep
the locals from scoring.

It was a pretty contest, marred only
by the excessive cold and the high
wind. The cold affected the players
and was alone responsible for the
fumbling which occurred in the
early stages of the game. It also
spoiled the contest from the stand-
point of the spectators, as a kicking
game. The backfield men made no
effort to catch the long punts which
were booted from one end of the field
to another, for fear of losing the ball.
Instead they waited until the siskin
ceased rolling, and then fell on it.

Dugan was Connellsville's star on
the offense, while Marbury towered
above the others in defensive play.
Rogers proved his worth in the line
by breaking through time after time
and stopping drives through his posi-
tion by bringing down the runner.
The high school boys are inclined to
give considerable credit for their show-
ing to Assistant Coach Edward Dugan,
who handled the team for the
greater part of last week when Coach
Springer was incapacitated by illness.

The crowd was the largest of the
season. Both sides of the field were
jammed with spectators. There were
two bands, the Connellsville Military
Band and the Tenth Regiment Band,
the latter of Greenburg. The Green-
burg team did not lack encouragement
from its hundreds of rooters. After
the game the local students celebrated
for their properly regarded the
outcome in the light of a victory, and
a big one.

It was a wonderful game. Those
who have followed high school foot-
ball teams for many years say that
they never saw any local team play
better. Greenburg was good, not
perhaps so fast and aggressive as
teams of other years, but big, husky
and playing every minute to win.
Coming over with the expectation of
winning by at least four touchdowns,
their hopes went glimmering after
they discovered what a wonderful
defensive game Connellsville was
putting up.

Cheers and songs by the two schools
and selections by the bands before the
game turned the field into a miniature
representation of a big college contest.
Promptly at 3 o'clock, Referee O. R.
Herwick blew his whistle.

HOW TO GAIN FLESH

Remarkable Statement of a Woman who was Thin But Skin and Bones.

Laugh and grow fat is a homely saying, but Mrs. Elizabeth L. Morris of Hammond, La., tells of a more reliable method. She says:—
"I cannot say enough in praise of Vinol, for it saved my life. I was weak, nervous, run-down, could not sleep, was unable for work and was nothing but skin and bones. Three doctors had all failed to help me. One day I saw Vinol advertised, took course and bought a bottle, and it soon made me feel better. I continued its use, and such a change! I have regained my strength. Deaf and health, am perfectly well, and the doctor was surprised to see such a change in me in such a short time."—Elizabeth Morris, Hammond, La.
The reason Vinol proved such a wonderful strength tonic, in Mrs. Morris' case was because of the beef and liver, cod-liver oil, iron and manganese phosphates and glycerophosphates, combined in a pure native tonic wine, which makes Vinol a most wonderful tonic.

Stomach Distress in Five
Minutes.

Time it! Pape's Diapiesin will digest anything you eat and overcome a sour, gassy or "out-of-order" stomach surely within five minutes.

If your meals don't fit comfortably, or if what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is, a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and besides there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomach, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain enough "Pape's Diapiesin" to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home—Adv.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water
before breakfast to wash
out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices of the system each morning and flushing out the whole of the internal poisonous stagnation matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal, before putting more food into the stomach.

The action of hot water and limestone phosphate on the empty stomach is wonderfully invigorating. It cleanses out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spots, stomach trouble, rheumatism, others who have mallow skin, blood disorders and sickly complexion are urged to get a quarter pound of limestone phosphate from the drug store which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Adv.

INEZ BOISSEVAIN, SUFFRAGIST, DIES

Beautiful Woman, Worker, Successful as Result of Over-Exertion During Recent Campaign.

INEZ MILHOLLAND BOISSEVAIN

By Associated Press.

LOS ANGELES, Nov. 27.—Mrs. Inez Milholland Boissevain, widely-known suffragist and welfare worker, died last night Saturday night after an illness of 10 weeks. She was 30 years old.

Mrs. Boissevain was stricken suddenly while addressing an audience in this city during the recent political campaign and fainted on the platform at the meeting.

She was removed to a hospital and her husband and parents rushed from New York to join her here. Miss Yida Milholland, her sister, was with her when she was stricken and has been in constant attendance since that time.

Inez Milholland Boissevain had been for many years well known for her social work and her advocacy of social reform and as a practicing lawyer.

During the 1908 Presidential campaign she won fame as "the girl who broke up the Taft parade."

Following her graduation from Vassar College, she attempted to enter Harvard Law School, but this ambition was dashed by her own opinion that it was not a co-educational institution. Miss Milholland finally received her degree in law at the New York University Law School, in 1912, and during this time she was active as a suffragist, worker and speaker and organizer of women's parades, being featured in them both in New York, Washington, D. C. and elsewhere as "the most beautiful suffragette."

In July, 1913, she married by a civil ceremony in London, Eugene Boissevain, a wealthy Hollander. In 1914 she went as a delegate on the Ford Peace Ship, but left the party at Stockholm because, as she said in a statement, "the undemocratic methods employed by the managers are repugnant to my principles." Mrs. Boissevain was born in New York August 8, 1886, receiving her early education in New York, London and Berlin.

The Grim Reaper

SOLOMON PALMER.

Solomon Palmer, 60 years old, one of the best known residents of Connelville, died last night at the family residence in South Pittsburg street following a two-month illness from a complication of diseases. Funeral services will be held this evening at 8 o'clock from the Palmer residence with Rev. G. L. Richardson, pastor of the First Methodist Episcopal Church officiating. The body will be shipped tonight by Pioneer Director Charles C. Mitchell on the Western Maryland train due here at 11:30 to Hancock, Md. From there it will be removed to the home of A. R. Palmer at Sipes Mill, a brother of the deceased. Funeral services will be held tomorrow afternoon at 2 o'clock.

Mr. Palmer was born near Everett, Fulton county, on February 13, 1847, a son of the late Joel and Martha Palmer. He spent his early days in Fulton county. Fifty years ago last October he was married to Miss

Elizabeth Kearsage of Fulton county. Mr. Palmer was in the marble business in Connelville for 35 years, being first located on West Main street where Henry Goldsmith's building now stands. He later removed his place of business to the corner of South Pittsburg street and East Fairview avenue, continuing in the business until six years ago when he sold out his interest to his brother, O. S. Palmer of McKeesport. Since then he had lived a retired life. Prior to coming to Connelville, Mr. Palmer was in a similar business in Blairsville and Fulton county. In addition to his widow he is survived by one daughter, Mrs. James Beall, one son, Arlie Palmer of Oxford, Mass., four brothers, O. S. Palmer and W. W. Palmer of Connelville; Scott Palmer and A. R. CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! If Tongue is Coated Give "California Syrup of Figs."

Every mother realizes, after giving her children "California Syrup of Figs" that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses their tender little stomach, liver, and bowels without griping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless, "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When this little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic, remember a good "inside cleaning" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company," Adv.

THE DIFFERENCE.

In one of those periods of irritation of temper, and of a kind of reaction, which seem to be the form of reaction from the strenuousness of the recent campaign has taken, our otherwise even tempered and kindly disposed contemporary finds fault with the Courier over the manner in which it handled the various Democratic celebrations in this section during the ratification season. Complaint is made that the Courier did not give fulsome praise to the pagant staged in Conneltsville, but gave greater credit to the Scottdale and Uniontown demonstrations.

For its news accounts of the Conneltsville and Uniontown demonstrations the Courier does not feel called upon to make apology. Neither does it feel called upon to apologize for the failure of the Democrats to turn out in larger number at the Conneltsville celebration. Still less does it feel obligated to apologize for the failure of its contemporary to arouse the enthusiasm of the ratifiers to such a degree that would have made the Conneltsville gathering relatively as big an affair as that at Uniontown and as enthusiastic as the one at Scottdale.

The Courier's accounts of the Conneltsville and Uniontown celebrations were written by a member of its staff who witnessed both. To his personal observation on the ground were added information as to details which he procured from Democratic sources. The Conneltsville gathering, previously heralded by The News as "the greatest pagant" to be witnessed in the Young Valley, in point of numbers in line and other advertised features, was very much below expectations and a distinct disappointment to its promoters. These facts our contemporary tacitly admitted in its own account of the affair by omitting exuberant and fulsome praise such as would have been employed had the event been the success that had been expected. The Uniontown parade was the largest political gathering of its kind ever held in Fayette county and the Courier's account of the Conneltsville gathering was not the largest over held here and with the same strict adherence to fact the Courier said so. In both cases the affairs were treated from the standpoint of the reporter, not the political writer or pagant booster, and the public was given the facts for the Scottdale celebration The Courier accepted the version of its correspondent on the ground. Being complimentary to the Democrats was that the Mill Town Democrats succeeded where their Conneltsville brethren failed.

The Courier poked some good natured fun at some of the outstanding features of the Conneltsville pagant, and our contemporary, lacking true sportsman-like qualities, has been unable to take in good spirit. And the tables have been turned and the Republican side done the paganting, the same prerogative would doubtless have been exercised by The News, but we are without the assurance that it would have done so as free of malice or ill will as has marked The Courier's comments.

That the Conneltsville ratification was no more complete a failure than it was The News owes an obligation to those Republicans who contributed cash to help pay for the "500 pounds of red fire" and to other Republicans who supplied one of the most attractive and enthusiastic producing features of the parade. The Courier assumed no responsibility for the success of the Conneltsville ratification, but in common with its Democratic and Republican friends alike it did display upon that occasion, as it has done on every similar occasion, a spirit of genuine neighborliness, civility and loyalty. In the usefulness hope that the gathering would be a success, a credit to the city and a source of satisfaction to its promoters. In furtherance of this desire The Courier asked everybody to turn out to "show by its presence, our actions and our dispositions that we do not begrudge them the victory which they will so vociferously celebrate." Our citizens, without regard to politics, were further urged by The Courier to remember that:

We are all citizens of one man country, each striving in his own way to make it a better place in which to live. We differ as to how these things may be done and have our party preferences as to who shall be our leaders. Now that they have been chosen after a good square fight, let's be true sports, generous neighbors, and forgetting partisan and even the winners' hostility. If we do, they'll feel better the evening, and we'll feel better in the morning.

Careful perusal of the columns of our contemporary fails to reveal the expression of any similar sentiment before the ratification, neither in those found after this event had paganted, a line or phrase in grateful acknowledgment of the part taken by neighboring Republicans. Never at any time previous to the gathering were the people of this community asked or urged by The News to forget politics and join as neighbors and friends in the celebration. Quite the contrary. It was to be strictly a Democratic affair, although Republicans were not denied the privilege of contributing to the expense fund.

The Courier did rather more than its part to make the occasion a community success. The News exalted it only as a triumph and glorification of a certain part of the Democratic party. That's

the difference between the service of The Courier and The News to the community—a difference the people have never been slow to recognize and will continue to recognize and appreciate.

That "egg king" who so insolently and wantonly sought to know, "What are they going to do about it?" may repeat the history of Humpty Dumpty. The question he asks has been asked before and has been answered so effectively that in his case he may find that "all of the king's horses and all of the king's men can't put Humpty together again."

It is hoped that the Hard Work of talking, or other equally effective measures, will prevent the breaking up of that annual nuisance who tries to prove the genial Santa Claus a myth.

It will be the fault of the buyers themselves if they do not obtain all the advantages of buying early. The Conneltsville merchants are doing their best. They have laid in a choice line of goods and are selling about them through the advertising columns of The Courier. They have commenced to make the Holiday Season displays upon their counters and have every facility to enable them to prepare for the wants of the Holiday shoppers.

0 plus 0 is easy, and 0 minus 0 is no more difficult, but 0 to 0 means the toughest problem. Conneltsville High has attempted to solve this season.

Roosevelt may arrive in the Fall Islands too late to view the natives in all their native simplicity of habits and dress. Already they are donning their picturesque flower making attire in exchange for the high collar, collared coat, frock, dress and skirt of the modern. They may have a few war clubs stowed away as relics from which the distinguished visitor of the Fall Islands may be able to select some choice specimens. Otherwise he may find nothing but evidences of a world-wide civilization of that class of civilization from which he seeks to find temporary escape.

The "side door Pullmans" suffered no loss in patronage on the Baltimore & Ohio railroad last year, notwithstanding it was supposed to be a year when every body, even father, worked.

It seems difficult to understand the necessity for the great activity in the United States mints in producing small coins. The price of everything, in circulation, are almost useless, except when bulked together. What we most need is new prices, not new coins.

The Interstate Commerce Commission has rung the curb on the railroad cars that are staying out too late at night on the tracks of railroads which do not own them.

Henry Ford balks at making up the \$300,000 deficit in the Democratic campaign fund. He thinks that the \$100,000 he spent in advertising Unpreparedness in the states which, strangely enough, were carried by Hughes, was sufficient contribution.

At an auction sale in New York the other day poker chips that once belonged to Richard Croker, the former Tammany leader, brought \$200. That is probably much less than they brought at other periods in their history.

You can begin Early Buying any morning.

Editor Herbert of the Greensburg Tribune enjoys a distinction unique in the history of journalism. He is the first editor to be sought by justice, given the facts for the Scottdale celebration The Courier accepted the version of its correspondent on the ground. Being complimentary to the Democrats was that the Mill Town Democrats succeeded where their Conneltsville brethren failed.

The Courier poked some good natured fun at some of the outstanding features of the Conneltsville pagant, and our contemporary, lacking true sportsman-like qualities, has been unable to take in good spirit. SOARING PRICES.

Oh, nothing could be sadder than to see the "high cost" take, which strikes like an adder, and blots like a snake. The records just examine, and you will understand it was no year of famine in this star-splangled land. The country's barns are bursting with their wheat and corn and rye, while sufferers are starving for bread and none and pie. And while I write these stanzas, I look the customer smiling, the farmers out in Kansas have wheat stacked up in piles. Same Nature, in her bounty, has done a kindly turn, and every western county has wheat and rye to burn. Yet when we seek the grocery and ask him for some meal, he says, "I'm sorry, but the price is raised one wheel." The war in Asia has shut off the supply, and hence the axing higher you cough up when you buy. The wolf is drawing closer, and shorter grows the kale; I say the merry grocer, but what does that avail? I seek the dairy applier, to buy a butter; "The war," remarks that dealer, "has sent the prices up."

 You will find, in all probability, an accumulation of tartar on the enamel and bits of food deposit hiding between the crevices. YOUR DENTIFRICE does not FULLY CLEAN! Loss of teeth is caused usually by one of two conditions—Pyorrhea or decay, both of which develop, as a rule, only in the mouth where germ-laden tartar is present.
 SENRECO, the recently discovered formula of a dental specialist, is two-fold in its action. First, it REALLY CLEANS, embodying specially prepared, soluble granules unusually effective in cleaning away food deposits. Second, it is particularly destructive to the germ of Pyorrhea. Yet it is perfectly safe, containing neither injurious chemicals nor hard grit.

ble aggregate of the weekly salary
list, will be presented in this city.
The luminaries are supported by
75 people. Irving Berlin, whose songs
are being sung from one end of the
country to the other, wrote the music
and lyrics and the score contains a
dozen "hits" of the typical Berlin
kind. Harry D. Smith furnished the
book, and Helen Dryden is responsible
for the costumes as well as the set-
tings.

The characters in "Watch Your
Step" make their way from a law
office to the Metropolitan Opera House
and finally to a "tongue" restaurant. In
the interim they are shown as the
stage door of a New York theatre and
aboard a Pullman sleeping car. The
changes of scene and variety of
action are too rapid and too great to
justify an attempt to describe.

The production is an expensive and
admirable one. The piece is beauti-
fully mounted. A galaxy of musical
comedy stars has been assembled that
almost takes the average playgoer's
breath away. As for the chorus, the
fact that it was trained by R. H.

AN EXPERT ON COLDS

Comparatively few people realize that
a cold is a sign of physical weakness.
To treat a cold with weakening
physic, alcoholic syrups or drugged
pills, may smother the cold but they also
reduce the body powers still further and
invite more serious sickness.

Scott's Emulsion has always been an
expert on colds, because it peculiarly
enriches the blood, quickly tones up the
forces and strengthens both throat and
chest. Try Scott's. Refuse Substitutes.

PRICES DROP DUE TO THE WAR

Certainly reads "unusual," doesn't it?
However, it is true. The Queen City
Hing Manufacturing Company of Buf-
falo, N. Y., was forced out of business
due to the war. The majority of
stones used in the manufacture of
rings are imported from Europe; the
men who formerly made them are now
in the army. It is almost impossible
to get stones at any price, for that
reason the above named firm is retir-
ing from business.

We purchased their sample line at
a reduction of 40 per cent and are
going to sell these goods to you at the
same reduction.
This is a legitimate bona fide trans-
action. Read the telegram on our win-
dow; it explains all. The Queen City
Hing Manufacturing Company has
been making rings for 30 years. Every
ring is solid gold, and if the sets
should come out, they will be re-
placed free.

Look in our window and guess the
nearest correct number of stones in
the tray and on Saturday we will give
you a beautiful solid gold ring free.
Come in and inspect this stock. Solid
gold rings as low as \$1.00. We will
reserve any ring for you until Christ-
mas. Community Jewelry Shop, 100-

Burnside is a sufficient voucher for
its merits. The girls have good

they are brilliant in variety.

"Watch Your Step" fills the eye and

"THE COMMON LAW"—Will be
shown here Monday, Tuesday and
Wednesday, featuring Clara Kimball
Young in this seven reel production.
According to Clara Kimball Young,
the popular film star who is appearing
at the head of her own company in a
screen adaptation of Robert W. Cham-
bers' famous novel, "The Common
Law," the great fault with most pro-
ducers of motion pictures lies in their
misconception of what the so-called
photo-drama really is at its best.

"The motion picture is not a play or
drama, but a narrative," said Miss
Young in a recent interview. "There
is all the difference in the world be-
tween the two forms of expression.
Many magnificent novels would fail
hopelessly as staged dramas and yet
make fine motion pictures. On the
other hand the highest form of drama
loses half its force when novelized
and can't be successfully produced as
a motion picture at all. Who can im-
agine successful presentations of Ibsen
on the screen."

"The solution is a simple one. Story
telling is a different art to that of the
dramatist. Of course a story may be
potentially dramatic but it is the wide
range of incident and character draw-
ing that makes a big story, whereas
a drama is built almost entirely for
situations and climatic effect.
"Any one who will think over the
list of most successful pictures during
the past two or three years will re-
alize the truth of my claim that the best
pictures are those that merely try to
tell a big human story and not those
that attempt too far to infringe upon
the true province stage. As a case in
point let me mention "The Spiders,"
which story made a dreadful failure
as a play and a wonderful success as
a picture."

THE PARAMOUNT.

"IN THE DIPLOMATIC SERVICE"
A five reel Metro attraction, with
Beverly Bayne and Francis X. Bush-
man in the leading roles, and a Metro
comedy are being presented to-
day. "In the Diplomatic Service," Mr.
Bushman is credited with the adap-
tation and direction of the story of
John C. Clymer and Hamilton Smith.
Mr. Bushman carries the role of a man
of means and unconcerned about work
who is induced by an uncle to accept
a place in the secret service. The
entire argument is an appeal to him
to look on the flag, which is shown
in the close-up. To Dick Stanbury is
given the job of uncovering a foreign
plot which is professedly in going
away with some of Uncle Sam's plans
and specifications. Miss Bayne is seen
as a young woman, who falls in love
with the secret service man, only later
for a period to be convinced he is
working in conjunction with the ene-
mies of her country. Hazel Dergman is
Dr. Montell, the diplomat, who is am-
bitious to take from Uncle Sam the pa-
pers he is anxious to retain. "There is
not a lagging moment throughout the
entire five reels and good acting and
good photography only help to en-
hance the exceptionally interesting
plot. Tomorrow, the last chapter of
"Gloria's Romance" and "The Parson
of Panamint," a Paramount attrac-
tion in five acts will be seen. Wednes-
day, "Dessie Love" will be featured in
"A Sister of Six," a story of a little
girl who takes care of her orphan
brothers and sisters and stands up
with a rifle to protect them.

WOMEN IN CONSTANT PAIN FROM BURNS

Most housewives are seldom without
a burn or two on hand or wrist—always
painful, sometimes disfiguring. In spite
of the frequency of burns, few house-
wives are really prepared for them, and
continue to rely on ineffectual treat-
ments such as flour, sweet oil, and the
like—which never prevent pain and con-
tinued annoyance.
The most economical, soothing and
effective treatment for burns is to ap-
ply Hycolorite promptly. The surface
should then be covered so as to protect
it from the air and the bandage kept
saturated with Hycolorite.
Hycolorite will promptly allay the pain,
cause rapid healing, will prevent dis-
figuring and painful sores. With every
bottle are directions for use in treating
cuts and wounds, sore throat, and sim-
ilar evils—for Hycolorite is a most eco-
nomical and efficient family antiseptic.
Hycolorite is a solution of sodium hy-
pochlorite. A U. S. Government report
has been published showing that 130 an-
tiseptics were recently tested in military
hospitals of Europe, and sodium hypo-
chlorite is declared by the surgeons to
be the most economical and effective an-
tiseptic of them all.

Although many times more powerful
than the harmful antiseptics which
contain poison, acid, mercury, and dan-
gerous preservatives, Hycolorite is even
safer than the weak and ineffective per-
oxide. It is clean and harmless as wa-
ter—but powerful. Any druggist can
supply Hycolorite in 25 and 50 cent bottles.

HIGH SCHOOL HOLDS MIGHTY GREENSBURG TO A SCORELESS TIE

Continued from Page One.

fairness of Referee O. Herwick. It was significant that in a game where tension was turned so high, there was really only one dispute over a decision. That was quickly disposed of without dissatisfaction. That the officials took no sides was evident in the first quarter when Head Linebacker Frank Jones called a five yard penalty on Connelville for off-side play at a time when the loss of five yards was a tragedy to Connelville.

The players were all in good condition and none was hurt. Deway Miller was held out for a minute after a hard tackle but that was the extent of it. He quickly took his place in the lineup. Others suffered some severe scratches and bruises but nothing serious. The game in detail:

The teams came on the field early. Connelville entered first, and Greensburg followed shortly with equal eagerness. The first play was a punt. When Referee Herwick blew his whistle all of the crowd had not been admitted, due to congestion at the ticket office. Greensburg won the toss and chose the field goal. Connelville received the kickoff.

Gross kicked off. Martray, who received the ball, was downed on his own 35 yard line. Darr made 6 yards around end on the first line. Dugan made a trial around end, then one through the line, but gained nothing on either attempt. J. Laughrey punted the kick being good for 35 yards. Jones made 5 yards and Henry 1 on the plunges. Jones took the ball around the end for a 3 yard gain and plugged through center 3 more for first down. Gross made one yard and Henry one on mass plays, both executed slowly. Gross made 9 yards and first down on a pretty run around the end. Henry advanced the oval 3 yards and Jones 5 more on an end run, and it was again first down for Greensburg. Greensburg fumbled on the next play, but Gross recovered, his team losing 3 yards. Gross receded off 13 yards around the end, and it was first down again. After a 4 yard gain by Jones, Connelville was penalized 5 yards for off-side, and Jones made it first down with a pretty 3 yard gain. Henry was next with a 3 yard advance and Jones added 6 more. Jones was called on again and responded by making another first down. Greensburg was pushing ahead irresistibly and Connelville could not seem to hold them. Leichter tackled Jones behind the line, however, for a 2 yard loss and Henry and Jones were only able to make 3 yards between them. It was last down for Greensburg with 5 yards to go for a touchdown. Gross decided to try a forward pass, but Connelville linemen broke through and before he could make the throw he was tackled. It was Connelville's ball on their own 8 yard line. The whistle blew before they could line up.

With the beginning of the second quarter, J. Laughrey punted. Greensburg men could not hold the ball and Dugan fell on it on his own 15 yard line. Dugan made 2 yards, but Moore lost one, and Laughrey was again called on to kick. Again Greensburg fumbled and Leichter recovered. It was Connelville's ball on the 35 yard line. Dugan got 2 yards, but Miller lost on a trick play. Time was taken out by Miller, who was wounded. Moore failed to gain, and J. Laughrey punted. Again Greensburg fumbled, but this time they recovered. Henry both dropping the ball and falling on it. It took the visitors the entire four downs to make their 10 yards this time. Gross, Jones and Henry contributed to the run. Gross carried the ball on a trick play, but Rogers broke through and made a nice tackle. The gain was only 2 yards. Greensburg made first down on the next play, by a neat 3 yard forward pass. Gross to Jones. Jones lost a yard and on the next lineup was thrown without gain. A forward pass failed. Coleman replaced Henry. Jones dropped back for a drop kick, standing on Connelville's 37 yard line. The ball went high. Dugan caught it and returned it to his 27 yard line before he was downed. Darr failed to gain. Dugan made 7 yards through center, and hit the line for 5 more on the next lineup. Though there was but one yard to go, J. Laughrey was called back to kick. Gross, who received, being downed on his own 40 yard line. Coleman lost a yard and Jones kicked. This time Connelville fumbled, Miller letting the ball slip, and Thomas of Greensburg got the oval on Connelville's 15 yard line. This was up as the teams got into position, and the first half ended with no score.

Between the halves, both sides paraded the field. Snake dances and cheering, bands and noise predomi-

nated. When the teams returned, the field was quickly cleared.

Griffith kicked off. Miller receiving on his own 35 yard line. Only one substitution had been made, Hissom going in for Hines. Dugan lost a yard on the first lineup, and immediately went back to kick. Gross fumbled but fell on the ball. Coleman started out around the end, but slipped before he had made any gain. Jones made 6 yards around the end. Griffith kicked, Connelville fumbled. Finnan recovered, and it was Greensburg's ball on Connelville's 30 yard line. Gross made 2 yards and Jones one. Mitchell was sent in for Jones. The new man made a 2 yard gain. With 5 yards to go for first down, Greensburg tried a forward, which was broken down, and it was Connelville's ball on the 35 yard line. Miller lost 2 yards. Dugan gained 2, and then lost them again. The captain dropped back to kick and sent up a beautiful punt to Greensburg's 40 yard line. Coleman made 3 yards. Gross went around end for 6 more. Mitchell hit the line and made it first down. Mitchell and Coleman made 2 yards between them in three downs. Time was taken out while McCormick doctored up an injured hand. Griffith punted, Dugan receiving. Dugan made 2 yards. Moore one, and Miller lost 3. Dugan kicked. Gross made a clean catch, and a pretty run, and it remained for Dugan to tackle him on Connelville's 40 yard line. Time was taken out for Gross to recover from the effects of the tackle. Mitchell made 2 yards, but Coleman was thrown for no gain as the whistle blew.

Mitchell gained 4 yards. Time was taken out while the Connelville rosters were quieted down. Greensburg could not hear Gross' signals. Griffith kicked, Miller receiving on the 20 yard line. Dugan failed to gain, plugging through for 8 yards, and again failed to gain. He then kicked to Gross who was downed on his own 18 yard line. The ball was taken back, however, by Referee Herwick, and Greensburg penalized 10 yards for holding. It was the home team's ball on its own 40 yard line, and first down in the bargain. Darr made 2 yards. Dugan 3, but when the captain tried an end run he lost 5. Dugan punted and it was Greensburg's ball on the 25 yard line. Reece was substituted for Hissom. After Gross failed to gain, Griffith kicked. Miller receiving on his own 25 yard line. Moore failed to gain. Miller went around the end and for 3 yards. Dugan hit the line for 2 more. Dugan kicked. A Greensburg man touched the ball and Martray fell on it. Amid wild cheers from the Connelville side, the home team lined up for a forward pass. Darr made a commendable try for the last one, and Dugan was again forced to punt. Coleman received and Martray made the tackle on Greensburg's 25 yard line. Griffith kicked, Miller making the catch. With the ball in the middle of the field, the game ended a scoreless tie.

THE LINEUP:

GREENSBURG: Martray...left end...Knipper...left tackle...Thomas...left guard...Alvine...center...Robinson...right guard...Haines...right tackle...Lechman...right end...Griffith...quarterback...Griffith...halfback...Griffith...fullback...Jones...substitute...Coleman for Henry...Hissom for Hines...Mitchell for Jones...Reese for Hissom...Referee—Herwick...Umpire—Cramer...Head Linebacker—Jones. UNIONTOWN WINS A ROUGH CONTEST

Defeated Scottdale by 18 to 0 Score at the Hill Town on Saturday.

Uniontown High School defeated the Scottdale Saturday. The game was the roughest that has been seen in Scottdale this season. The Uniontown players living up to their reputation of past years. The officials appeared unable to control the visiting players and he game was marred by many wrongs. Scottdale protested in vain against repeated violations of the rules. As Uniontown had the lead there was no danger of that team leaving the field, as it did last year at Uniontown.

Scottdale lacked the necessary punch, several times carrying the ball to within striking distance of the Uniontown goal and then being held. Scottdale will close its season on Thanksgiving, going to Latrobe, where it will meet the high school team there.

CHAPTER XXIII.

Max had pulled well, and things looked bright for him. His patient did not need him, but K. was anxious to find Joe; so he telephoned the gas office and got a day off.

For the present, at least, K.'s revealed identity was safe. Hospital keepers kept their secrets well. And it is doubtful if the street would have been greatly concerned even had it known. It had never heard of Edward, of the Edwards state, or the Edwards operation. Its medical knowledge compelled the two Wilsons and the osteopath around the corner. When, as would happen soon, it learned of Max Wilson's injury, it would be more concerned with his chances of recovery than with the manner of it. That was as it should be.

But Joe's affair with Sidney had been the talk of the neighborhood. If the boy disappeared, a scandal would be inevitable. Twenty people had seen him at Schwartz's and would know him again.

To save Joe, then, was K.'s first care.

At first it seemed as if the boy had been the talk of the neighborhood. If the boy disappeared, a scandal would be inevitable. Twenty people had seen him at Schwartz's and would know him again.

week I get off a little early to go to the hospital. The Rosenfeld boy—"

The monstrous injustice of the thing overcame her. Palmer and she walked about, and the boy lying on his hot bed. She choked.

"He worries about his mother. If you could give her some money, it would help."

"Money? I paid his board for two months in the hospital."

When she did acknowledge this generosity—amounting to for eight dollars—his irritation grew. Her silence was an accusation. She was too calm in his presence, too cold. Where it had pleased his pride to think that he had given her up, he found that the shoe was on the other foot.

At the entrance to a side street, she stopped.

"I turn off here."

"May I come and see you sometime?"

"No, please."

"What's that, is it?"

"It is. Please."

He swung around savagely and left her.

The next day he drew over a thousand dollars from the bank. A good many of his debts he wanted to pay in cash; there was no use putting checks through, with humiliatingly low discounts. Also, he liked the idea of carrying a roll of money around.

The big fellows at the clubs always had a wad and peeled off bills like skin off an onion. He took a couple of dollars to celebrate his approaching immunity from debt.

At six o'clock that night he found Grace. She had moved to a cheap apartment which she shared with two other girls from the store. The others were out. It was his lucky day, surely.

His drunkenness was of the mild, mellow kind. His manner was well controlled. The lines from his nose to the corners of his mouth were slightly accentuated, his eyes open a trifle wider than usual. That and a slight paleness of the nostrils were the only evidences of his condition. But Grace knew the signs.

"Don't come in."

"Of course I'm coming in."

She retreated before him, her eyes watery. Men in his condition were apt to be as quick with a blow as with a caress. But, having gained his point, he was amiable.

"Get your things on and come out. We can talk in the room."

"I've told you I'm not doing that sort of thing."

He was less steady than he had been. The heat of the little flat brought more blood to his head. He wavered as he stood just inside the door.

"She doesn't want me to see you."

"She doesn't want me to see you."

"I only want to take you out for a good time. I've got money. Look here!"

He drew out a roll of bills and showed it to her. Her eyes opened wide. She had never known him to have much money.

"Lots more where that comes from."

A new look flashed into her eyes, not cupidly, but purpose.

She was instantly cunning.

"What are your plans?"

"I haven't any. I'm about through with my training, but I've lost my diploma."

"I don't like to see you going away like this."

She decided his eyes, but his kindly tone did what neither the blond nor the executive committee had done that day. It shook her control.

"What does it matter to you? You don't owe me anything."

"Perhaps not. One way and another I've owed you a long time."

"You never knew anything very good."

"I'll tell you where I live, and—"

"I know where you live."

"Will you come to see me there? We may be able to think of something."

"What's that to do with it? This story will follow me wherever I go. I've tried twice for a diploma and failed. What's the use?"

But in the end he prevailed on her to promise not to leave the city until she had seen him again. It was not until she was able to think of something.

GOPHERS RUNNING WILD.

Minnesota Eleven Is Chased as East in Middle West.

Though the conference season is not nearly over, middle western cities are already conceding the football championship of their section to the University of Minnesota and speculating only as to the size of the point total that will represent the Gophers' 1916 activities on the gridiron. A strong team in comparatively weak company.

Dr. Harry Williams' ensemble stands out bold and shoulders above every rival in the west.

The Gophers have scored more points than in any previous season since the conference colleges adopted their seven game limit.

At the opening of the conference season a little over a month ago Minnesota was regarded as a strong team and probable championship contender, but was rated no higher than Chicago, Wisconsin or Illinois. Since then, however, they have developed a faculty for running through or around all opposition that has made all other life claimants look woefully weak in comparison. They haven't a weak spot in their line, so far as can be judged by many experts, and their backs are terrific plungers. The forward pass combination of Wyman, to Boston is now recognized as the best in the west, and Kingsley and Flynn, a pair of substitutes, are scarcely less adept in their manipulation of the play.

Following the western custom, the Gophers specialize in long heaves, passes of thirty-five or forty yards. Wyman, Boston's greatest threat for an aggregate gain of 115 yards against Iowa recently, and Kingsley and Flynn completed one that carried thirty yards and was followed by a twenty yard dash to a touchdown. Wyman's direction while shooting the ball is said to be almost infallible in its unerring accuracy, and Boston has been known to jump three or four feet in the air to spear a pass.

Williams is playing Buckley and Captain Darden on the ends. Hauser and Towley at tackle. Ecklund and Shiel at guard. H. C. Hanson at center. Long at quarterback. Ed. Hansen and Sprafkin at the halves and Wyman at fullback. Sprafkin is rated the most powerful line plunger in the west. Hal Hansen and Wyman are brilliant performers on off tackle plays, and Shorty Long, in addition to being quite considerable of a field general, is a sensational runner through a broken field or around the ends.

French Girl Workers Face Tasks, Happy Though Country Battles

These young French women do not seem to be unhappy, although their country is at war, all of the eligible young men are at the front and they themselves are called upon to work hard for "la belle France." They are ammunition makers going to their daily work. Note the costume they wear, trousers and close fitting blouse, designed to minimize the danger of any part of the costumes catching in the high speed and high powered machinery used in turning out shells. Like Germany, England and other countries, France has put to work hundreds of thousands of women to take the places of men who are fighting.

INTEREST OF PITT STUDENTS TURNS TO THE WINTER SPORTS

Only Penn State Game Remains for the Football Squad.

FIRST BASKETBALL PRACTICE

Initial Workout for Varsity is Held; Coach Flint is Again in Charge, but Captain-Elect Matson is Forbidden to Play; Another Star is Gone.

Special to The Courier.
PITTSBURGH, Nov. 27.—The Carnegie Tech squad having been added to their list of victories, and with only the final match with the Penn State eleven on their schedule, the players of the University of Pittsburgh are turning toward the winter sports of basketball, swimming, hockey and wrestling. Along with Pitt's rise in the intercollegiate football world, there has been an almost parallel advance in all other branches of sports. So we find that the Panthers' fame in collegiate athletics rests almost as much upon their showing on the basketball floor as on the gridiron. Initial practice for the Varsity was held last week, and Student-Manager J. L. Scott has announced an extensive schedule for the coming season.

The schedule, as announced, calls for two trips out of the state. The usual eastern trip will be taken in February and includes games with Rutgers, Swarthmore, Lafayette, and the Army. This trip through the East affords the only means by which the Pitt team can be compared with the strong teams of that section. Year before last the Smoky City aggregation lost to the Army, chiefly through the marvelous play of Oliphant. West Point's star all-round athlete, last season, however, Coach Flint delegated Captain Lubic to watch this star performer, and as a result the soldiers were defeated rather easily by a score of 25 to 13. The results of their meetings are one each, and the game this year will be in the nature of a play-off, Swarthmore, who did not appear on the Pitt schedule last year, was defeated, two seasons ago by the Pittsburgh five, in a play-off for the state collegiate league championship.

One of the new features of the schedule calls for a trip north into the Empire State, where the University of Buffalo and Syracuse University will be met. This will be the first time that a Blue and Gold quintet has ever played the Orange dribblers from Syracuse. The usual dual games with Penn State, Washington and Jefferson, and Carnegie Tech again appear. Allegheny College who nosed out Pitt last year by one point will be met earlier in the season.

Last year Pitt compiled an imposing record in this branch of athletics. Yale, Rutgers, Penn State, Colgate, Lafayette, and the Army are only a few of the teams over which they were returned the winners. Out of a total of 18 games they won 16 and lost another by a single point. Though the only team to defeat them decisively, was later defeated by a score of 41 to 33.

Two of last year's regulars will be lost to the team this season. Captain-Elect Joseph Matson, who, it was discovered had a vertebra broken, has been forbidden to play by the medical authorities of the university. Lew McMaster, the other regular lost, graduated from the School of Dentistry last spring. All the other men, including substitutes, will be out again this year.

Said Maw to Paw, with nimble jaw,
Likewise her sweetest look,
Let's go to see that man Seolnick,
And get our pictures took.

I'll dress so neat and smile so sweet—
Do try to chirk up, too.
None must suppose who see that pose,
We ever could feel blue.

I'll dress my hair with greatest care
And wear my jasper pin;
The silk brocade I've just had made!
Will startle all our kin.

Your new white vest will look the best,
I'll press your Sunday suit;
That four-in-hand does beat the band—
It makes you look so cute.

We'll get a lot, and tell it not
Until the holidays.
Then send to friends, to make amends
For gifts of other days.

Let's go in time; I'll bet a dime
He has a lot to take.
For work that's fine, he's right in line—
In fact he takes the cake.
